Courage

Courage is a common theme for movies. From superheroes to animated adventures to true stories of overcoming adversity, many great films feature courageous characters standing up for what they believe in. But courage isn't only about fighting monsters and bad guys. It's important for kids to learn the value of taking on challenges despite risks, speaking up for what's right no matter what, and being true to their convictions. These movies highlight courage in ways that are central to the story, proving that bold action wins out over cowardice.

Have I not commanded you? Be strong and courageous. Do not be afraid; do not be discouraged, for the LORD your God will be with you wherever you go.

Joshua 1:9

I learned that courage was not the absence of fear, but the triumph over it. The brave man is not he who does not feel afraid, but he who conquers that fear.

Nelson Mandela

Family Talk: Courage

What's the first thing you think of when you hear the word 'courage'?"

Talk about someone you admire for the extraordinary courage he or she showed in his or her life. This could be an historical person, like Mahatma Gandhi, or a sports hero like Lou Gehrig or Jackie Robinson, or someone who stood up for what was right, people like Martin Luther King, Jr. or Rosa Parks. But it also might be someone in your family, or someone you read about.

Talk about a time when there were challenges in your life that called for courage, when you: overcame your fears or doubts and found you could do something you didn't think you could do; persevered despite the threat of defeat or failure; or stood up for something you knew was right.
